

To M.A.R.S Bio-Med,

I want to thank you for making the switch from the SolmeteX Hg5 to the M.A.R.S LibertyBOSS easy and painless, the installation only took about an hour.

In the past, I had the M.A.R.S LibertyBOSS. About a year and a half ago, on the advice of a Technician, I changed over to the SolmeteX Hg5. I soon realized that I was having to change filters every 4 months. Needless to say it was getting expensive. I am happy to come back to M.A.R.S, as I don't have to worry about changing the LibertyBOSS for another 3 yrs.

It is good to be a part of the M.A.R.S Family of Environmentally Friendly Dental Practices again.

Thank you,

Dr. Anna Shieh
