Dear Jason,

I just wanted to send a note to thank you for the excellent service you have provided to our office. We are extremely happy with our LibertyBOSS Amalgam Separator!! We have not had any issues with the lines and traps on that side of the office since we had it installed. I can't tell you what a relief it is to have fully functioning suctions again!! It's awesome not having to worry about the cost and frequency of having the old system serviced. Thank you for the time you spent with us explaining everything and assuring us of your product. You were 100% right!! I shudder to think if we had listened to our technician and gone with a different system. We would still be experiencing issues daily.

Again. thank you so much! And I would recommend the LibertyBOSS to any office!

Warm regards,

**Patricia Manson**
